

HANDMADE JEWELLERY

all proceeds to support survivors of the rwandan genocide

Survivors Fund (SURF) is the principal international organisation supporting survivors of the Rwandan genocide.

One of the primary income-generating activities for women survivors that we help fund is the production of handmade jewellery. We have a selection available to purchase from our office at 12 Rickett Street. 100% of the proceeds from the sales will benefit the survivors who produce the jewellery.

The necklaces and bracelets are painstakingly threaded with coloured beads, with carved pendants, and the earrings are made from woven materials.

They are £10 for necklaces, and £5 for bracelets and earrings. A set of jewellery - a necklace, bracelet and pair of earrings - is £15.

For more information, or a quote, please contact Flavia on 020 7610 2589 or enquiries@survivors-fund.org.uk. Your custom will be invaluable.

This is one of a number of new income-generating projects at SURF. We also have a variety of handmade greeting cards for sale too. Please do ask Flavia for further details, if of interest.

With your help, we can help rebuild the lives of more genocide survivors in Rwanda. Thank you.
